

PRESENTS:

LUNCH & LEARN - SPECIAL GUEST SPEAKER SESSION

JOHN KELLENBERGER & SCOTT BRENNER

*Preserving the Independent Contractor with TIE
(Truckers Integral to our Economy)*

John Kellenberger & Scott Brenner will be presenting on TIE's efforts to promote and preserve the Independent Contractor model in trucking. Increasingly, the IC model is under attack by private plaintiff actions and state and federal government efforts to reclassify the owner-operator as employees. Examples include AB-5 in California as well as the proposed federal IC rule. These efforts, if successful, would destroy a business model (owner-operator) that has been recognized as a successful legitimate business model for over 80 years.
